

FAIZAAN ALAM

Full Stack Developer (MERN)

faizaanalam.connect@gmail.com | +91 9319955443

github.com/Faizaan-Alam | linkedin.com/in/faizaan-alam-b59579323

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, Python, Java, C++, C
Frontend	React, Redux, Zustand, Context API, Tailwind CSS, Vite, HTML/CSS, DaisyUI
Backend	Node.js, Express.js, FastAPI, REST APIs, Socket.io, JWT Authentication
Data / Infra	MongoDB, Redis, MinIO, Docker, Docker Compose, BullMQ
Tools	Git, GitHub Actions (CI), pytest
Web3	Ethereum and Solana account/wallet fundamentals

EXPERIENCE

Web Development Intern - Tekraze

Present

- Contribute to web development tasks supporting the company's site and digital presence
- Conduct content research and writing, and implement on-page SEO optimization to improve search visibility and content discoverability

Web Development Intern - 3skil

Previous

- Developed multiple full-stack MERN applications, including a job portal supporting user authentication, job listings, and end-to-end application management for job seekers and employers
- Integrated third-party APIs (image storage, authentication) and built both frontend and backend layers, gaining hands-on experience shipping scalable, deployable web applications

Campus Ambassador Intern - EDC IIT Delhi

Previous

- Promoted IIT Delhi initiatives and events on campus, driving student participation through outreach, social media campaigns, and peer networks

PROJECTS

Pratibimb 4.0 - Digital Magazine of IEEE BVCOE

[React](#), [Vite](#), [JavaScript](#), [Tailwind CSS](#), [DaisyUI](#), [React Router](#) | github.com/Faizaan-Alam/pratibimb

- Designed and built the digital home of Pratibimb 4.0, the annual magazine of the IEEE Student Branch at Bharati Vidyapeeth's College of Engineering
- Shipped a themeable editorial site with an issue archive, in-browser PDF reader, and a file-swap workflow so editors can add editions and team photos without changing React code

ModelJudge AI - Multi-Service ML Model Evaluation Platform

[React](#), [TypeScript](#), [Express](#), [Socket.io](#), [FastAPI](#), [MongoDB](#), [Redis](#), [MinIO](#), [Docker Compose](#), [GitHub Actions](#)

- Designed a five-service architecture (React/TS client, Express API, BullMQ worker, Python FastAPI ML service, object storage) to run explainable, multi-criteria evaluations of tabular ML models
- Defined a composite scoring model (ModelJudge Score) weighing predictive performance, robustness, efficiency, explainability, and reproducibility, with configurable weighting strategies

Talksy - Real-Time Video Calling & Chat Platform

[React](#), [Express](#), [MongoDB](#), [Tailwind CSS](#), [Zustand](#), [Stream APIs](#), [JWT](#)

- Built a real-time chat and video calling platform with JWT authentication, integrating Stream APIs for scalable messaging and call infrastructure
- Implemented state management with Zustand and structured error handling across a deployed backend

CryptoTrack - Real-Time Cryptocurrency Market Tracker

[React 19](#), [Vite](#), [Tailwind CSS](#), [Recharts](#), [CoinGecko API](#) | [Live: cryptotrack-sandy.vercel.app](https://live.cryptotrack-sandy.vercel.app)

- Built and deployed a market tracker covering the top 100 cryptocurrencies with portfolio tracking, watchlists, price alerts, and interactive charts, using in-memory caching to work within API rate limits

EDUCATION

B.Tech, Computer Science (AI/ML) - Guru Gobind Singh Indraprastha University

CGPA: 8.35

XII (CBSE) - Hansraj Model School

88.6% | 2025

LEADERSHIP & ACTIVITIES

- Chairperson, IEEE CS Subchapter: led events including Innovicon and WIE Week; organized UXplore and FunIEEE
- President, Qaafila Literature Society: conducted poetry workshop "Main Shayar Toh Nah"; organized literary events including an ideathon
- Chief Editor of Pratibimb 4.0 (IEEE BVCOE technical magazine) and its public website (github.com/Faizaan-Alam/pratibimb); Content Writer for Saransh
